

July 18, 2017

If you haven't sent in your membership renewal to Moonraker Island Civic Organization, please do so. Numbers are important to politicians. To show a strong homeowners' association is important to obtain the backing of the parish, the CPRA, the USACE, the levee board, and the federal government.

Make checks payable to MICO. You can mail in the \$20.00 dues to 114 Moonraker or drop it off. Come in for a cup of coffee or to discuss your point of view.

Getting flood protection is closer than its ever been. Please support the cause. The difference could mean higher property values, lower insurance costs, and the security of knowing that we will, at last, have peace of mind that our biggest investment will be safe from flood.
