Residents of Moonraker Island,

I know you are anxious to hear of any progress pertaining to Magnolia Water Company and its unrealistic charges to our community in our opinion. Unfortunately, I have no good news from Magnolia, but I have received a message from Chuck Liss, a resident of Eden Isles, who enlisted Tom Thornhill to take on the case which will be a large class-action suit with multiple sub-classes. Tom is looking for our help, such as bill discrepancies, notices you may have received, water testing that may have been done, any information that may help. Tom is currently working with several other groups involving Magnolia, and he feels this is a good case. I strongly believe the costs of our water and how this cost was arranged should be looked into as well. Should you have anything to contribute, please forward the information to Tom Thornhill, tom@thornhilllawfirm.com ; anything you may have to contribute could possibly help.

If you have NOT paid your MICO dues for 2022, please do so. A sign has been placed in front of my house at 114. Checks should be made out to MICO. Please include your email address and telephone number. If you know of new neighbors, please inform them. Please let us know to allow us to welcome them. In the past I walked the neighborhood to collect dues and to meet our neighbors. I can no longer do that because of back surgery; however, if there are any residents willing to help do that, please let us know.

Bonnie Peyroux for Moonraker Island Civic Organization
